

**ISSUE:** NDIS reporting compliance is crucial to make sure people within the scheme are getting the right support, and the burden of dealing with data should not be left to staff whose priority is carrying out these critical services.

**IDEA:** We have helped NDIS providers streamline their data processes and analysis, creating simple to use dashboards that tell the whole story.

**RESULTS:** Our clients are saving 20-30 hours per month of manual processing and are now able to focus on the bigger picture with insights at the fingertips.
